SLEEPING.

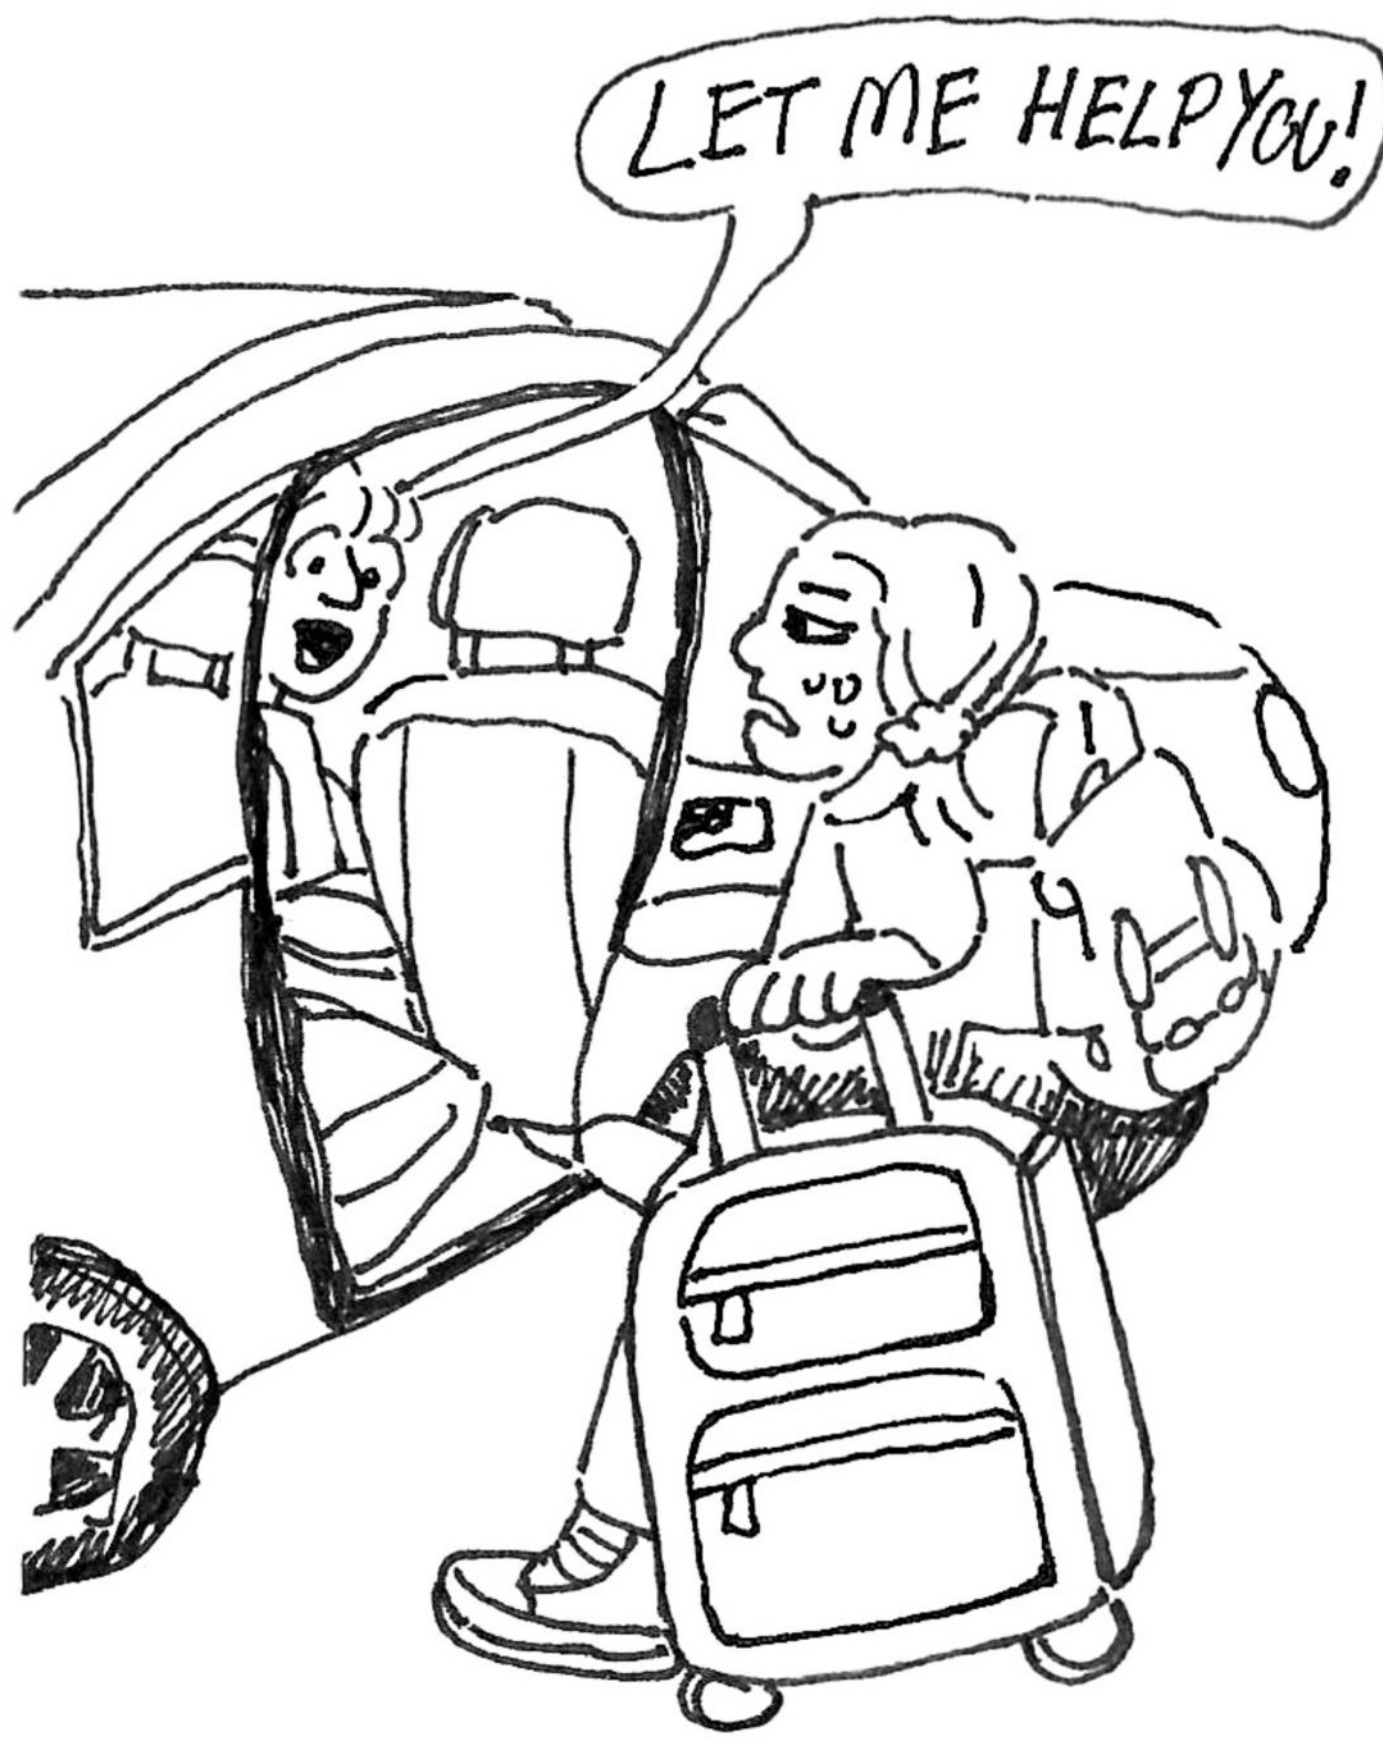

MY MOM WANTS
TO ASSIST ME IN DRIVING

DIDNT HAVE TO, BUT SHE
SAID SHE HAS A JOB SHOWING
IN TOWN NEAR LAMBERTILLE.

THE CAR TRIP WENT LONG-
-ER THAN I EXPECTED. FLEMINGTON
COUNTRY SIDE LOOKS SO GREEN
AND CALM. IT'S A FARMLAND.
I SEE LETTUCE, CORN, REDCABBAGE.

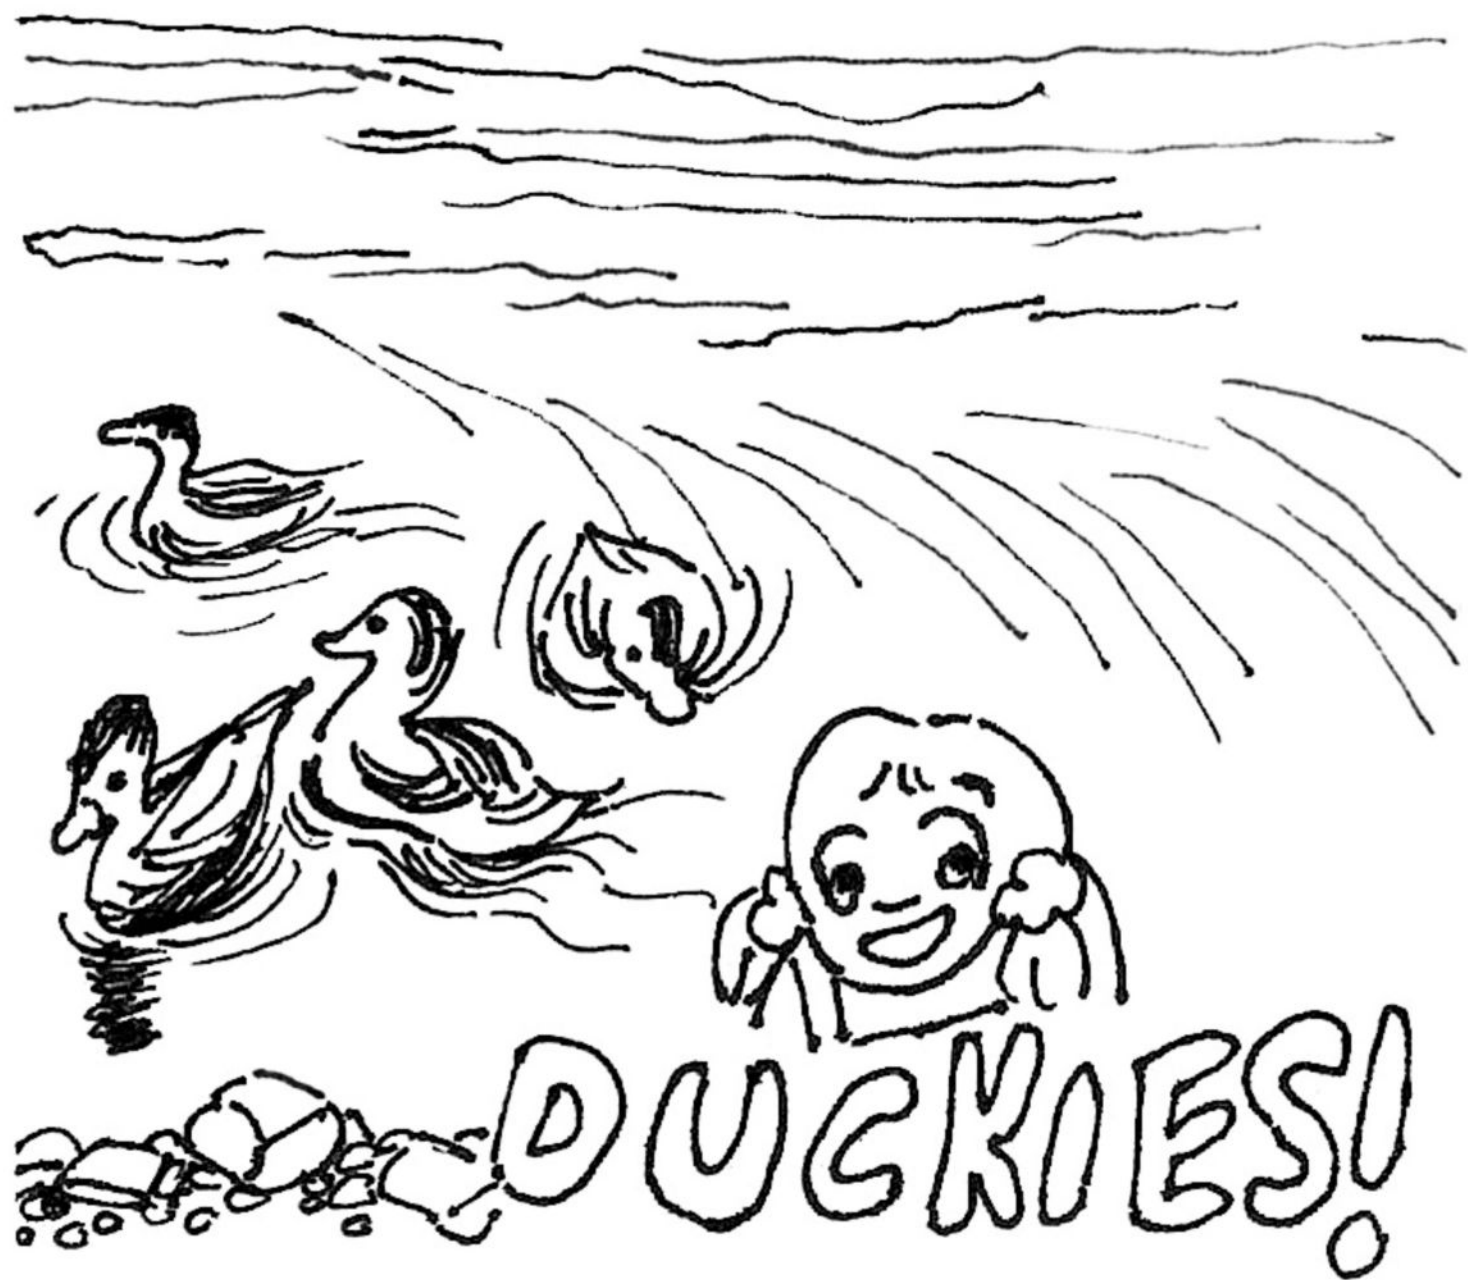

AFTER PACKING my

FINALLY,
CAME HOME
AFTER
DINNER,
MY BODY
SLOWLY SHUTS
DOWN. IS
LAMBERTVILLE
WORTH A TRIP?

WHAT DID I CARRY IN MY CHEST POCKETS

Big Ove, did you hear about the new iPhone? It's got every camera angle you can think of, oodles of data storage, optimized photographic stabilization with 4k video resolution, and enhanced interoperability and scalability whatever that means. You should totally look into it.

Oh Kayla, the perennial pursuit of what's novel and trendy rather than longevous and efficacious is a nugatory ruse by corporations to confine the consumers' free will to their allegiance which I have not succumbed to.

Which is just another way of saying my stupid parents won't buy me a new phone cause my Motorola G7 "works fine". What about you?

My mom pretty much said the same thing, so I'm stuck with a lousy flippy.

Samuel Colme

I know he was kind of a dick back then,
but something in my heart told me he
changed, so I just had to accept him back.

That's hard to believe
considering how he
was acting last time
during—

Pardon me, but I couldn't help but overhear you
say your heart dictated your decision, an error far
too many make. In reality, it's your frontal lobe,
namely the prefrontal cortex portion, that is
responsible for controlling your impulses which
you ostensibly gave in to.

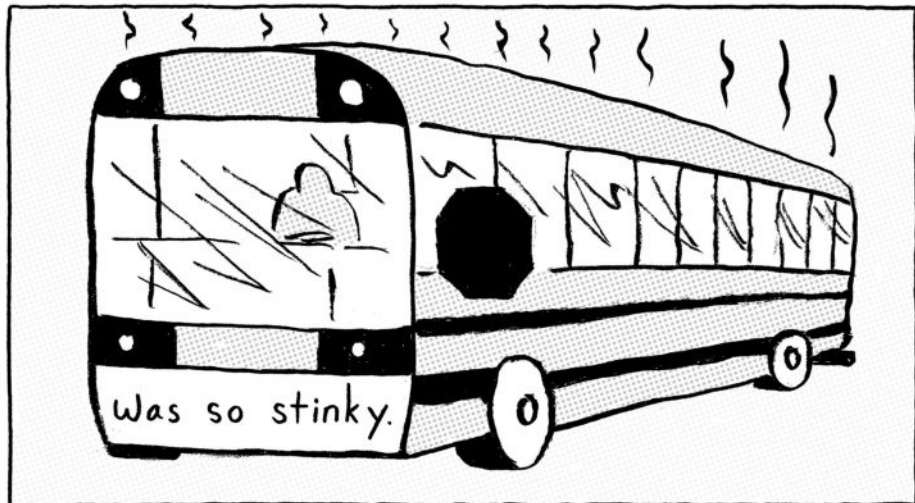

By any chance, did your prefrontal cortex
fail to control your impulse not to butt in
on people's conversations?

I never had any compunctions
against it as I'm aware it's
my unwritten duty as a
scientist to enlighten the
ignorant laypeople.

I'm pretty sure your dickish ex-ex
could enlighten his prefrontal cortex
with some amygdala action.

Samuel Edme

THE BUS

And the bus driver was blasting his music so loudly

It smelled like Cheetos and feet...
I was just so uncomfortable

I kept picturing Billie Eilish with her Cheeto breath singing in my face

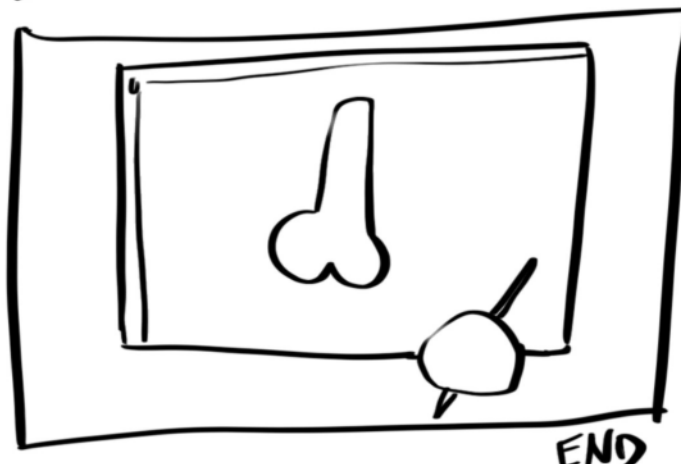

I DON'T KNOW
HOW TO FEEEEEEL
